

# FEATURED READERS

## Differential Optics

Check The New Low System Price

The only technology available with guaranteed site code exclusivity. No system can ever be compromised by cards a customer doesn't know exist

Self-Contained housings contain the Read Head And The Command Module

Toyco Corporation housings feature solid billet aluminum face plates that add beauty and integrity to the installation

## THREE GREAT NEW READERS FROM MOTOROLA

LESS EXPENSIVE, LONGER READ RANGES, AND WEATHERPROOF

Featuring single unit electronics and a removable outer shell for finished mounting. The Secure Prox I and II are small, but both have a 5" read range, and the Master Prox has a range of up to 12".

## VALUE PROX

OUR MOST COMPETITIVE PROX READER

Designed to replace old Wiegand readers. It's the exact size and shape. 4" Range.

## Slim Line

THE MOST VERSATILE

Weatherproof, and fits anywhere, even on narrow frames. 4" Range.

## HIGH END MAG STRIPE

GREAT FOR HOSTILE ENVIRONMENTS

Our most rugged and reliable mag stripe reader

## BAR CODE

OUR FINEST BAR CODE READER

Weatherproof and reads all formats. Mounting plate is optional

## STANDARD RANGE

Still Motorola's BEST SELLER

Good range and reliability, mounts on all surfaces. 7" Range.

## POWERPROX

SINGLE PIECE 28" RANGE READER

When standard range isn't quite good enough

## LONG RANGE

JUST ABOUT HANDS FREE

Still the most cost effective way to achieve read ranges up to 36".

## Wall Switch

THIN AND ATTRACTIVE FOR INTERIORS

Designed to mount over a single gang box. 4" Range.

## VEHICLE I.D.

HANDS FREE ACCESS

Uses a 3" disk attached to the windshield. 4' Range.

## TOUCH PLATE READER

ALMOST PROX

Low cost, weatherproof, and maintenance free

## P.I.N. PROX

FOR HIGHER OFF-HOUR SECURITY

So compact, it looks like it's only a Keypad. 4" Range.

## SMARTClik

LONG RANGE RF READER

With a range up to 40', this powerful reader is ideal for doctor's parking and gated communities.
